NOTE: Custom guitars take 4 to 12 month for delivery. All custom guitar prices include an SKB case. Hard shell cases are extra. Please call for a quote.

Ordering a custom instrument is a life-long dream for most guitarists. With Jackson Guitars, you can get the instrument that you have always dreamed of and know that it will live up to your expectations.

Our Custom Shop has been making custom guitars longer than any other factory in America and many of the original staff are still with us to this day. Building a custom instrument by hand takes a considerable amount of time, so please keep this in mind when you place your order. Typical construction time can be as long as 30 weeks.

Good things are worth waiting for, so please be patient with us after you place your order. We give a "Limited Lifetime Warranty" with our custom shop guitars and in order to do this we must be allowed the time to build your instrument properly. Please contact an authorized Jackson Guitar dealer to place your order today.

Please check the specifications of your order carefully before signing the quote. No changes are allowed once the order has been signed and submitted to us by the dealer. Confirmation of specifications via email is considered acceptance of these terms.
